# HEALTH AS A COMMON GOOD

SHARING INTERNATIONAL EXPERIENCES  
DURING THE COVID-19 PANDEMIC

Wednesday 26<sup>th</sup> of May  
3:00-5:30 p.m. Italian Time

La pandemia da COVID-19 ha dimostrato che la soluzione del problema non può essere raggiunta indipendentemente nei singoli stati, ma deve necessariamente coinvolgere tutto il pianeta. Al giorno d'oggi però non tutto funziona come dovrebbe in questa direzione. L'intenzione di questo convegno è quello di gettare uno sguardo su quanto sta accadendo nel mondo allo scopo di evidenziare come la salute sia un bene comune.

*The COVID-19 pandemic has shown that the solution to this problem cannot be reached independently by individual states, but it must necessarily involve the entire planet. Nowadays, however, not everything is working as it should in this direction. The aim of this conference is to cast a light on what is happening in the world in order to prove to which extent health is a common good.*
