PARTICIPATORY LABORATORY

Interreg MED Piazza

Where citizens and EU Institutions meet for
the future of Europe

Wednesday

9th October 2019

11:30 am - 1:00 pm

Square Building

Hall 100 Room

Interreg MED Piazza

Participatory Laboratory
Wednesday 9th October 2019
11:30 am - 1:00 pm

Citizens and EU Institutions meet at the “Interreg MED piazza” participatory lab to shape a more inclusive and sustainable future grounded on territorial cooperation projects on innovation, green and blue growth, tourism, urban transport, renewable energy and efficient buildings.

A square - *piazza* - is the most iconic space where community's exchanges took place and showcase the basic citizens rights in public space: 1) *walkability*; 2) *leisure*; 3) *culture & knowledge*; 4) *expression*, and 5) *exchange*.

At our Piazza you will walk through four corners to experience the Interreg MED holistic cooperation approach. At the “**Civic Parliament**” you will experience a participatory decision-making process; at the “**Bar Terrace**” you will exchange knowledge and information with experts from the Interreg MED communities; at our “**Construction Site**” you will experience a Lego Serious Play® creative and abstract activity with a certified trainer; and finally in the “**Playground**” you will learn, through gamified activities designed by our Communities, strategic issues of sustainable lifestyle such as energy microgrids and mobility.

The session will count with the participation of relevant personalities such as Mrs. Mercedes Bresso ex MEP; Mrs. Ana-Lisa Boni, from Eurocities; Mr. Andrea Gnassi Major of Rimini, Jure Brizic Major of Preko, Agnès Rampal Member of the Provence-Alpes-Côte d'Azur Regional Council; and Andy Deacon Policy Coordinator at Climate Alliance.

European Week | Brussels
7-10 October 2019

The Civic Parliament

Participative corner

Visitors will be distributed in the following parties, which represent the 3 axes of the Interreg Med Programme:

#innovation

#low carbon economy

#natural and cultural resources

The round consists to simulate a policy deliberation about:

Which measures should be prioritized by EU to tackle Climate Emergency in the next four years?

First each table should debate and decide their proposal accordingly to their party position. Then a spokesperson from each party will expose their proposal and finally all have to vote for the best one.

The Civic Parliament will count with the support of relevant personalities in politics such as Mrs. Mercedes Bresso; Mr. Adrea Gnassi, Mr. Jure Brizic and Mr. Andy Deacon.

The corner will be facilitated by members from Renewable Energy, Efficient Buildings Communities and Panoramed.

Please add the session by 27/09/2019

How to register?

The Bar Terrace

Debating corner

This corner will bring out the exchange of knowledge through simulating a debate at a bar terrace. The corner will count with the experts from the MED Communities that will talk about how to encourage a green and blue economy through fair competitiveness and responsible consumption in Mediterranean Region.

The debating experience will focus on the following questions:
How can we support a responsible and sustainable agro-food system? How to boost the transition to a fair, green and blue economy?

The corner will be facilitated by Green Growth, Blue Growth and Sustainable Tourism Communities of the Interreg Med Programme.

Join us to the debating experience!

Please add the session by 27/09/2019

How to register?

The Playground

Gaming learning corner

The corner consist of three serious games designed by the Interreg MED Communities:

1/“Designing sustainable lifestyles in the Mediterranean”. Drawing, commenting and amending elements of sustainable lifestyle issues represented on an illustration. Facilitated by Sustainable Tourism Community.

2/“Let it go, let it flow!” Simulating the flows of people and goods on a board game / scale model of a Mediterranean coastal town with all the hotspots of urban mobility to help designing sustainable mobility plans. Facilitated by Urban Transports Community.

3/“Craft your Microgrid!” Skill game to learn more about how energy communities function in different contexts, for that purpose players have the option to choose to play in an urban neighborhood, an island or a rural village. Facilitated by Renewable Energy Community.

Join us to the learning experience!

Please add the session by 27/09/2019

How to register?

The Construction Site Lego Serious Play® corner

This corner will have a main objective to explore how to communicate and express abstract concepts through the Lego Serious Play method.

The creative experience will focus on identifying ways to express concepts related to capitalisation, green economy, energy efficiency, inclusiveness through the Lego game.

The corner will be guided by the expert Giovanni Alfredo Camorani; and will be facilitated by Social & Creative, Urban Transports and Renewable Energy Communities of the Interreg Med Programme.

Join us to the Lego experience!
